Education

Auckland University of Technology, Auckland, New Zealand

2013 - July 2016

- ❑ Bachelor of Computer and Information Science - Software Development Major.

Experience

Analyst Programmer Gentrack Ltd, Auckland

August 2016 - Present

- ☐ BASIC
- ☐ Analysis
- ☐ Debugging
- ☐ SQL

Working with clients to fix defects and extend functions of utilities billing software. Role includes both analysis of codebase to determine cause of issues, and programming to fix issues and extend functionality.

Technical Consultant Business Mechanix Ltd, Auckland

April 2015 - August 2016

- ☐ C#
- ☐ HTML/CSS/Javascript
- ☐ ASP.NET MVC with Entity Framework
- ☐ SPARQL Web API

Developed a website for international students to find study options in New Zealand. This role also involved managing and mentoring a team of three interns working over the 2015/16 summer. Secondary roles involved setup and management of Azure virtual machines, maintenance of C# applications, and ad-hoc customer support.

Intern Developer University of Auckland IT Services, Auckland

December 2014 - February 2015

- ☐ Java
- ☐ Scriptella
- ☐ Bash

Intern developer role at IT Services. Worked on current and new projects. Reverse engineered an HTTP driver for Scriptella from the source code. Wrote various ad-hoc Scriptella, Groovy and Bash scripts.
